ST. MARY'S CHURCH

Thanksgiving Services will be held in St. Mary's Church on Sunday, Oct. 19th at 2 p.m.

A Little Helper's Rally will also be held at this service.

Will all Little Helpers kindly bring in their Mite Boxes for this service. Thank you. 10-17

NORTH EAST CORNER

(Last Week)
Mr. and Mrs. Richard Schick spent a few days at Drayton Valley. During their parents' absence Margery and Arlene stayed with the Fred Younger. Ron stayed at the George Ford home.

On Wed., Sept. 24, Linda Oldham had a party of young friends in to help celebrate being 7 years old.

The newest thing on wheels around these parts is the 1958 Buick the Bill Lawsons' are driving.

Mr. and Mrs. L. Sanheim and family have gone on to warm weather—Southern Alberta. The last few days of dampness and winds might urge us all to do the same.

(This Week)

On Thursday afternoon, Mr. A. Cook and Gerry were Edmonton visitors, returning with a nice new GMC 1/2 ton.

Mr. W. Budzinski and a co-worker spent their day off with the little duck hunting.

Mrs. Paul Nemoy and Susan motored to Edmonton on Saturday.

Mr. and Mrs. Sam Elles and Danny have left for These Hills where Sam will continue his studies at Prairie Bible Institute.

Mr. and Mrs. Clifford Firkus, Doris and Kenny were weekend visitors to Edmonton. Marvin was a popular little visitor at the Oldham's while his parents were away.

We understand that work is underway on a new home for

The sympathy of the district goes to Mr. and Mrs. Henry Marchand of Edmonton, (nee Kathleen Laycock) in the loss of their infant son, Kerry, just 15 days old. Burial took place in Wainwright on Tuesday.

The funeral service for Baby Laurie Sue Johnson was held on Monday at the United Church.

The service was conducted by Rev. McMurtry of Wetsakwin, assisted by Rev. H. Inglis. The sympathy of the entire community is extended to Evelyn and Vic in their sad loss.

On Saturday while Gloria Baras was helping with the chores, she fell from the loft, a drop of nine feet, and was very badly shaken up. Luckily no bones were broken but Gloria has been confined to her bed for several days with a very painful hip.

Old friends of Mr. Pile's will be glad to hear he is feeling much better. We do hope he will be well enough to come this way in the spring.

We are sorry to report that Mr. Burton's condition is not improving.

On Wednesday morning Keith Currie shot a duck headed by the F. & Wildlife Service, Washington, U.S.A.

Card of Thanks

Home! after 3 weeks in hospital and I would like to sincerely thank all those who sent flowers, fruit, letters and cards, also those who visited me. Thanks to the kind friends who were so thoughtful of Gail and Nicky during my absence and since my return.

Your kindness is greatly appreciated.

—Bessie Gultner.

Canadian women first voted in Ontario in 1884, but it was in municipal elections only and only widows and spinners got the ballot.

WITH THE DISTRICT AGRICULTURIST

By J. S. Duncan

Royal Winter Fair

This is the largest agricultural fair in North America and it is something which every farmer should try to see some time. The fair is held during November, so in most years, fall work is over. Both railways put special excursion rates for anyone wishing to attend the Royal. These rates include hotel, accommodation and several sight seeing tours in Ontario. Anyone interested should contact their local ticket agent for full information. Remember that if you want to see the best of livestock and other agricultural exhibits that the Toronto Royal is the place to do it. Alberta also gets a good share of prizes too, so if you have chance be sure to go east to the fair this fall.

Grain Insects:

Due to the amount of grain which has been stored on farms the last few years, there are more dangers than ever that miles of beetles will do damage to stored grain. Every farmer should check his granaries regularly for any signs of tough or heating grain or insect damage. Just because grain went into storage dry is no guarantee that it will not become infested. A small leak which lets a little moisture in may start trouble. Regular inspection of bins is the only way to be sure to avoid loss.

Fall Tillage:

Fall tillage has been shown to increase yields the next year at Lacombe Experimental Farm. This is particularly true in heavy stubble. Other advantages of fall tillage are better weed control and a reduced amount of work required next spring.

The improved weed control alone should justify fall tillage even if there were no other advantages.

Win Prizes At Fairs

A number of the boys and girls who took handicraft in Mrs. Murray's class last year, entered exhibits in the Goose Creek Fair at Loughdale. We are very proud to report the following prizes obtained in the Junior Class, Intermediate Section: Tooled copper picture—Dennis Meier, 1st prize of \$2; Special prize of \$3; Third prize, Junior Class, Senior Section \$1.

Tooled leather change purse—Sonja Larson, 2nd prize of \$1.50; Special prize of \$2.00.

Tooled leather change purse—Barbara Fenton, 3rd prize of \$1; Special prize of \$1.00.

Tooled leather wallet—Patsy Coffin, 4th prize of 75c.

We understand that these young folk took four out of five prizes offered in the Junior class.

Grade I—Mrs. Fischer; Creative Art Gr. I; 1st prize—Margaret Dunbar; 2nd prize—Linda Oldham; 3rd prize—Harvey Clumstead.

Gr. I Class Enterprise Mural—2nd prize.

Grade 2 Class—Mrs. Clumstead; Enterprise Mural—1st prize.

Grade 3 Class—Mrs. Matthews; Writing—2nd prize—Lenora Owen; 3rd prize—Kenneth Barber; 4th prize—Yvonne Crab.

Grade 4 Class—Mrs. Fessler; Writing—2nd prize—Gayle Sampson.

MY TRIP TO ENGLAND & WALES

By Mr. Pryor Jones, taken from His Diary

Friday, July 4th

I left Edmonton from Nampaw Airport at 1:30 p.m. by Canadian Pacific Airlines over the Polar route, and landed in Greenland for fuel at 10 p.m., and we still had the sun shining in the Land of the Midnight Sun.

We landed at the London Airport in just 16 hours after leaving Edmonton. From London I went to Birmingham to my youngest sister for a few days, then I went to my old home near Shrewsbury, a place called Bushmoor.

On Monday, July 16th, my brother-in-law came and we went on a tour of South Wales through such places as Ludlow, one of the finest examples of an old English medieval town with its castle of historic interest.

We went down into Herefordshire, which is a typical farming country, and on into the City of Hereford, which has a noted castle and a very important Cathedral, all built from red sandstone. We then entered the Wye Valley and into Monmouthshire, everywhere the roads are lined on each side with magnificent oak trees. We passed the ancient Abbey of Tintern, and reached Chepstow, on the Bristol Channel, where we stayed the night.

Tuesday, July 17th

We are on our way along the South coast of Wales to Newport, a very big Port of over 100,000 people, and very busy. Our next stop is Cardiff with a quarter of a million of people, an ancient and beautiful city. Magnificent civic buildings of white stone, we are attracted to the castle which is hard to describe. This building, commenced nearly 2,000 years ago by the Romans, is one of the best remaining.

The improved stone work and wonderful furnishings takes you through the history of England, Wales, Romans, Saxons, etc., all pass before your eyes as you look around the rooms. Some of the furnishings make you gasp at their splendour.

We then pass on through the valley and hills into Glamorgan-shire where we stayed the night on the coast at Porhawl, which is a popular seaside resort. From there we go through an industrial district, past Margam with the biggest and most modern steelworks in Europe, through Port Talbot to Neath, Swansea.

We go on to Porthcawl and enter the pretty country of Carmarthenshire. Carmarthen itself, is our stop for the night and after fixing accommodation, we look around this small, but interesting town where men still use the coracle fishing boat on the river Towy, exactly as used by the Ancient Britons, thousands of years ago.

(Continued next week)

SHOOTS BANDED DUCK

Keith Currie shot a banded duck on Wednesday of this week. We are so glad it wasn't a banded crow because there is the story of the man who shot one and saw this written thereon—

"Wash. Biol. Surv." We believe the interpretation thereon is "Wainwright Biological Survey" but the man who shot the crow took the abbreviation too literally. He told his neighbor, "I washed, I bled it and I served it but it tasted awfully awful."

We would advise Keith to roast instead of 'ble' that duck unless it's a very elderly specimen.

G.G.I.T. Rally Held at Irma

CGIT at Irma is away to a good start again this year. There are 27 girls enrolled in the 3 groups led by Mrs. H. W. Inglis, Mrs. D. H. Gunn and Mrs. A. R. Ronaghan.

On Saturday last, a CGIT Rally was held at Irma. Towns represented by the 71 girls and their leaders who attended were Hamilton, Viking, Wainwright, Kinross and Irma.

We understand that this Rally was a great success in every detail.

The Theme was "Hold High the Light." Here is the day's program:

9:30, registration; 10 a.m. Worship, conducted by Wainwright group; 10:15, Theme Address—the story of the Christian Church Light Through the Ages. This was given by Miss Audrey Burns, Girls' Work Secretary for Alberta. At 11:15 the Irma intermediates put on a short dramatization. Middy inspection followed. All the girls, whose uniform was standard were grouped for a picture.

At 12 noon the Irma W.A. served a delicious dinner. At 12:30 Mrs. Inglis conducted a lively sing-song. 1 p.m. Miss Linda Daniels gave Camp Council report. 1:30, Miss Audrey Burns displayed the Literature for CGIT. 1:45, Mrs. C. S. Smallwood and Mrs. C. Barber helped the girls with handicraft. 2:34 found the girls in the school auditorium enjoying a series of lively games led by the Viking group.

3:15, Miss Burns showed a new method of presenting Bible Study. 3:45, Closing Worship by Hardisty group. 4:15, Lunch.

The Rally closed with Taps.

Here is a verse with which

Glen-Coo Gleanings

News is scarce this week. Everyone is so busy trying to complete fall chores. The weather is comparatively fine again for which we are thankful.

Mr. Oren Spring was home for the weekend from Drayton Valley.

Mr. and Mrs. Johnson of Hughenden Miss Marian Johnson and her brother Melvin, were Sunday visitors at Hollinger's. Gordon was home also.

A special Thanksgiving Service will be held next Sunday evening, October 12, at 8 p.m. at Sharon. An offering will be taken to aid Lutheran World Action as this organization seeks to help undernourished children in various parts of the world. An opportunity will also be given at this service to become acquainted with the new Lutheran Hymnary. The book has been 15 years in the making and is eventually to become the official hymn book of all Lutheran congregations.

EASTERLY ECHOES

News is as scarce as hen's teeth this week. It seems everyone is taking advantage of the good weather to do the remnants of threshing, combining and baling. Archie Cook got some cement work done, while others are working on summer-fallow. Quite a change from the last few falls.

Latest reports we hear is that Mr. Joshua Holt is recovering nicely from his illness, in the Wainwright hospital.

Mr. Joe Burton returned from Vancouver Wednesday after spending nearly 3 weeks with his parents.

Master Bob Burton is assisting at the home of his Uncle Roy, while Roy is visiting with his parents, Mr. and Mrs. W. A. Burton.

The construction crew is busy working again on the last two miles of this year's project of hard surfacing.

Hallow'en DANCE

The L. O. B. A. will hold its annual Hallow'en Dance at the North Hall on Friday evening, October 31st. There will be several "Spot" dances. Music by Ole Nissen's orchestra. Lunch will be served. Admission 75c and 50c. 3-24c

Miss Burns closed her address.

HOLD HIGH THE TORCH

Hold high the torch! You did not light it glow—Twas given you by other hands, you know.

'Tis yours to keep it burning bright, Yours to pass on when you no more need light;

For there are other feet that we must guide, And other forms go marching by our side;

Their eyes are watching every smile and tear, And efforts which we think are not worth while

Are sometimes just the very help they need, Actions to which their souls would give most heed;

So then in turn they'll hold it high And say, "I watched some one else carry it this way."

If brighter paths should beckon you to choose, Would your small gain compare with all you'd lose?

Hold high the torch!

You did not light it glow—Twas given you by other hands, you know.

Invest in a bright future for yourself... and for Canada. Arrange to buy your Canada Savings Bonds Now!

VIKING CHOSEN AS SITE FOR HOME FOR AGED

The News has been informed that Viking has been chosen as a site for one of the homes for the aged in the County of Beaver. This decision was made by Hon. Mr. Jorgenson, Minister of Public Welfare.

Viking Items

A driving record that is perhaps unsurpassed in the province, is claimed by Jack McArthur, of Viking, who has operated cars and trucks for over two and a half million miles absolutely accident free, has never had a summons or police ticket. In view of this record he has had the benefit of a forty per cent reduction on auto insurance for no claims.

Jack has owned 24 new trucks and 23 new cars, and driven gravel trucks for thirty years. His trucks have averaged a mileage of 60,000 to 100,000 miles without mishap.

At twelve years of age he began driving the family car under instruction from Steve Jones, a former resident.

We must certainly say that Jack's record is one to be proud of. He has carried on a safe driving campaign of his own that paid off.

The St. Paul United Presbyterian of the United Church of Canada will meet at Mannville on October 14th. Visitors are welcome to attend the Evening Worship Service when Dr. A. E. Caldwell will report on the recent General Council held at Ottawa, Ont.

Guests at a farewell party held in the recreation room at the Viking gas camp last Saturday evening were Mr. and Mrs. Roland Brooke and Mr. and Mrs. Bill Stalker who have been promoted to positions with the Northwestern Utilities Limited at Edmonton and are leaving shortly for the city. Several skills involving the guests were original and created much merriment with Dick Cottrell as master of ceremonies. Appropriate gifts were presented Roland and Bill and their wives, and best wishes went with them from all the gang and others present. Before lunch was served, dancing was enjoyed and all joined in singing "For they are jolly good fellows."

Artificial ice in the curling rink for this year has been postponed but work will commence to improve the rink by excavating the ice area and filling in with gravel. Other improvements are also contemplated before the season opens. However, the artificial ice project has not been entirely abandoned but is on the agenda for next year.

THE Homemakers

With the long weekend ahead the majority of homemakers will be cooking and baking for Thanksgiving. Thanksgiving is set apart for the purpose of giving thanks for all we have, our health, happiness and freedom.

The following recipe is a new twist to an old favorite called:

Pumpkin Ice Cream Pie

1 cup canned or mashed cooked pumpkin.
½ teaspoon salt.
½ teaspoon ginger.
1 quart vanilla ice cream.
½ cup brown sugar.
½ teaspoon cinnamon.
¼ teaspoon nutmeg.
1 recipe graham-cracker crust.
COMBINE pumpkin, brown sugar, salt and spice. Stir ice cream to soften; then fold into pumpkin mixture. Spoon into Graham-cracker crust, freeze firm. Garnish with sliced pecans arranged in a swirl.

Graham Cracker Crust
COMBINE 1½ cups (18 crackers) fine graham cracker crumbs, ¼ cup sugar, and ½ cup melted butter or margarine mix well. Press firmly in buttered 9 inch pie plate. Chill the crust about 45 minutes or until set. (Tested).

For those who prefer Chiffon **Pumpkin Pie** try this recipe:

1 tablespoon unflavored gelatin.
¾ cup light brown sugar.
2 teaspoons cinnamon.
½ teaspoon allspice.
3 egg yolks. ½ cup milk.
¼ teaspoon cream of tartar.
¼ cup cold water.
½ teaspoon salt.
½ to ¾ teaspoon ginger.
1½ cups cooked or canned pumpkin.

LIBERALS LOSE HAWRELAK—Edmonton's Mayor Hawrelak made it official last week—he won't be running for the provincial Liberal party leadership. He said his responsibilities to the citizens of Edmonton, as well as family considerations, make it impossible. At one time high-ranking Liberals felt Hawrelak was the man to lead the party to victory. He combines a farm background with a successful career in civic politics and some strong feelings about provincial-municipal relations. His decisions leave Grant MacEwan, MLA for Calgary, as strongest contender for the position.

3 egg whites.
6 tablespoons fine granulated sugar.

1 baked 9 inch pie shell.

SOAK gelatin in water. Mix together in a saucepan the brown sugar, salt, cinnamon, ginger, allspice, pumpkin, egg yolks and milk. Bring to boil over low heat, stirring constantly and boil one minute. Add the soaked gelatin and stir until blended. Cool until partially set. Beat until smooth. Whip egg whites and cream of tartar until they begin to stiffen, then gradually beat in sugar, a small amount at a time. Beat until sugar is dissolved. Carefully fold pumpkin mixture into this meringue. Pile filling in a baked shell. Chill about 2 hours or until set. Serve garnished with whipped cream sprinkled with cinnamon, or bits of preserved ginger. If preferred this filling may be served without the pastry as a pudding.

Other toppings used are: chopped or halved walnuts, pecans, almonds, filberts or B-zail nuts, chopped dates or shredded coconut. Or top pie with split marshmallows, then broil just toasty. Use butter-pecan, coffee or vanilla ice cream.

A television antennae looms above the farm of Wm. Revill we see.

INFESTATION IN STORED GRAIN

Surveys carried out by stored product entomologists of The Canada Department of Agriculture show that many granaries in the prairie provinces are infested with mites and insects. These have been found in floor and wall cracks, in loose grain on the floor and plates, and in crushed grain on wall studs. Every precaution, therefore, should be taken to see that granaries are thoroughly cleaned, prepared and, where necessary, sprayed with insecticides to prevent possible damage.

 Edmonton Exhibition Association Ltd.

YOU CAN AFFORD TO FORGET —IMPERIAL CAN'T

... because four generations of Canadians have come to depend on Imperial products on the road, on the farm, in the home

Imperial started supplying Canadians with oil products in the very early days of the industry in Canada... In fact, 1880 was the year it made its start in this business.

In most areas of Canada, it was an Imperial refinery which first began making oil products locally.

Imperial pioneered, too, in supplying Canadians with products when and where they were needed. (As far back as 1907, Imperial opened the first service station in Canada... and perhaps in the world.)

Today, as over the past 78 years, Imperial recognizes its responsibility to bring Canadians the most modern of oil products at the lowest possible price.

IMPERIAL OIL LIMITED

IMPERIAL OIL... FOR 78 YEARS A LEADER IN CANADA'S GROWTH
